

# Dr. Zuhdi Jasser, President of AIFD will testify to the Sub-Committee on National Security of the House Committee

*Topic of Discussion: Oversight and Government Reform on the Muslim Brotherhood's global threat*

LOS ANGELES, CA, UNITED STATES, July 11, 2018 /EINPresswire.com/ -- On July 11 at 10am, ET, on Capitol Hill in room 2154, building Rayburn Hob, [Dr. Zuhdi Jasser](#), President of [AIFD](#) will testify to the Sub-Committee on National Security of the House Committee on Oversight and Government Reform on the Muslim Brotherhood's global threat.

Dr. Zuhdi Jasser

Dr. Jasser is privileged to join an esteemed panel that includes Dr. Hillel Fradkin, Ph.D. Senior Fellow, Hudson Institute, Dr. Jonathan Schanzer, Ph.D., Senior Vice President, Foundation for Defense of Democracies and the minority witness, the Honorable Daniel Benjamin Norman E. McCulloch Jr., Director, John Sloan Dickey Center for International Understanding, Dartmouth University to discuss the growing global threat of the Muslim Brotherhood.

Please tune in to the CSPAN live feed tomorrow as Dr. Jasser will share his strong belief that the Muslim Brotherhood should be designated a foreign terrorist organization. Dr. Jasser will testify that now, almost 17 years since 9/11 we have been playing an endless whack-a-mole program against the various militant Islamist byproducts of the Muslim Brotherhood and no administration to this point has had the courage to actually identify the Muslim Brotherhood as a terrorist organization.

Dr. Jasser will testify to the fact that there is nothing more pro-Muslim and helpful to the global Muslim communities than to begin the long overdue process of marginalizing the stranglehold which the Muslim Brotherhood network has on our local, national and global communities. He will testify that the best way to do that is to designate Muslim Brotherhood as a foreign terrorist organization.

Dr. Jasser will testify to the unmistakable linkage between not only the Egyptian Muslim Brotherhood

but the Muslim Brotherhood organizations in Yemen, Syria, Kuwait, Libya, and across the Middle East with other radical militant Islamist organizations including Al-Qeada, Islamic jihad, and other known terrorist organizations.

It is long overdue for the United States to recognize that the Muslim Brotherhood is a terrorist organization and one of its primary enemies ideologically around the world.

We will provide his full written testimony submitted to the Committee as soon as it is publicly available. His full written testimony will be distributed here and available on our website.
