

SystemDomain, the leading IT professional services firm being nominated for Up-and-Comer Innovation Award

SystemDomain, the leading global IT professional services firm being nominated for Up-and-Comer Innovation Award at Chicago Innovation

CHICAGO, IL, USA, July 11, 2018 /EINPresswire.com/ -- [SystemDomain](#), Inc., a leading global information technology consulting services company, today announced that it has been nominated for the Up-and-Comer Innovation Award at [Chicago Innovation](#).

SystemDomain provides consulting to implement and integrate end to end Cyber Security solutions to address the cyber vulnerabilities and threats across the information technology enterprise. SystemDomain had designed a Cyber Security Service Framework and Product Portfolio; SystemDomain's engineers take this framework and perform the discovery on Cyber Security Vulnerabilities for enterprises and define a road map to mitigate the Cyber Vulnerabilities. These solutions span across access control across the enterprise, threat simulation and monitoring and cyber incident management.

"We feel very proud to know that SystemDomain had been nominated for Up-and-Comer Innovation Award at Chicago Innovation". It is an honor to be recognized by Chicago Innovation LLC," said Shubhi Garg, President, SystemDomain, Inc, "We will continue to build upon our promise to provide best-in-class solutions and services."

SystemDomain developed a service and product portfolio to address the Cyber Vulnerabilities across the enterprise. SystemDomain offers state-of-the-art solutions in Risk Management such as: Threat Detection & Response, Cyber Security Operations, Security & Behavioral Analytics, Fraud Intelligence Services, Governance Risk & Compliance, IT & Security Risk Management, Regulatory & Corporate Compliance Management, Audit Management, Business Resiliency, Third Party Governance, Public Sector Solutions. SystemDomain's Cyber Security and Risk Consulting practice is rapidly accelerating and implementing the state-of-the-art solutions for multiple use cases. SystemDomain's consultants have broad experience in architecting and implementation of IT solutions across enterprise across various industries. SystemDomain had done extensive research and tested various products in its lab and picked the best-in-class product portfolio to address the Cyber Vulnerabilities.

Key award wins and industry accolades for SystemDomain:
