

Knight Investment Limited – Announces Proposed Expansion into the UAE

Today, Knight Investment Limited, Hong Kong, is pleased to announce its proposed expansion into the Middle East for 2019.

HONG KONG, HONG KONG, HONG KONG, July 13, 2018 /EINPresswire.com/ -- Hong Kong is arguably the leading financial hub in Asia and for several decades [Knight Investment](#) has benefited from its progressive financial policies and growth. With clients based all over the globe and a new drive to bring new customers on board, it is now time for Knight Investment to look to other regions to enhance the quality of services it provides.

Dubai, UAE - The Middle East's Financial Hub

“For many years we have been considering an office in the Middle East and now we believe the time is right to make this happen” Said Eddie McKay, Chief Executive, [Knight Investment Limited](#). “Our intention is to have a presence in the UAE by the end of 2019, and with Scott Hastings taking the role of facilitating this transition, we are very excited by the prospect”.

Why Dubai

The United Arab Emirates has long maintained a policy of encouraging foreign investment. From a financial perspective, the UAE is an attractive place to do business in the region, due to the stable UAE Dirham, zero exchange restrictions, and the ability to repatriate capital and profits. Investors will also find a ready supply of skilled labour, modern communications and transport networks, excellent infrastructure, and a stable and reliable investment climate.

Investors are spoilt for choice as the UAE boasts over 40 Free Trade Zones (FTZs), each tailored to specific industries. These convenient bases allow for 100% foreign ownership, 100% repatriation of capital and profits, and full import and export tax exemptions. Other incentives include corporate tax exemptions of up to 50 years, no personal income taxes, and assistance with labour recruitment.

“I am very excited to head up our Middle East expansion, having previously worked in the region I am looking forward to returning and the challenges this new project will bring” Said Scott Hastings. “This is something we have been planning for some time now and we see 2019 as the ideal time to make the move and expand our reach and brand awareness.”

Knight Investment's purpose is to provide access to alternative investment strategies to clients seeking to achieve a diverse and elevated portfolio. Today's asset allocation landscape is more than

just equities and bonds. Our goal is to keep our clients fully informed as to the different alternatives available in today's climate, maximizing returns and allocating investment products for long-term results that support clients' longevity of life and retirement.
