In his new book "Unknown America," Myths and little known oddities about the greatest nation on earth, Historian, political commentator and talk radio host Michael Hart reveals some of the most fascinating, obscure, and overlooked facts in American History. Hart also exposes many of the most enduring American history myths, many which are still taught in schools to this day.

In "Unknown America" you will also meet some of the most fascinating unknown Americans. People that although they made incredible contributions to this nation, have either been lost to history or their stories simply untold.

Here are just a few of the remarkable stories you will learn about in the pages of Unknown America:

- *Illustrations of the signing of the Declaration of Independence depict an event that never happened.
- *One US state has had 3 Governors in a single day and the incredible reason why.
- *The African American slave that sued for her freedom in an American Court, and won!
- *Who really flew the first airplane and why the Wright Brothers story is wrong.
- *Strange plans hatched by the US Military. Including cats as spies and bats as bombs and more.
- *The truth about the slave trade in America. And about the slaves that owned slaves.
- *The role IBM unwittingly played in the deaths of millions of Jews during the Holocaust.
- *[The United States President that was gay. Who he was and how do we know?](#)
- *That America's has already had a female President.

The Author

*The falsehoods of the Rosa Parks story.
How her story was manufactured for the media.

*The enduring legend of Betsy Ross was completely fabricated. And by who?

*The fascinating inspiration behind Apple's logo. And why there's a bite taken out of the Apple?

*The Presidential hopeful that asked John Wayne to be his running mate. And the Duke's curious response.

*The Mother of Rock and Roll. Yes, this musical genre was started by a women. Move over Chuck Berry.

*That Abner Doubleday had nothing to do with inventing Baseball. There's a document that proves it.

*The book about a passenger liner that sinks years before the Titanic. And the disturbing coincidences.

*Bizarre oddities from every state in America. Including one state where selling margarine is illegal.

*That July 4th, 1776 is not America's actual Independence day. And about the drunken party that occurred on the real day. So were America's Founding Fathers plastered when they declared America's Independence from England? You'll find out in the pages of UNKNOWN AMERICA.

With Vice President Pence
