

# If a 'real' alien would appear, and could communicate with us, all people here would be stunned, all over the globe

---

LOS ANGELES, CA, UNITED STATES, July 19, 2018 /EINPresswire.com/ -- If all human beings could experience what this writer did, it should be the 'talk of the global town' everywhere.

In the Website [www.wordsforall.org](http://www.wordsforall.org) is reported the communication with not just 'an' alien, but the direct contact - on the spiritual level - with a force, a presence who is the Totality of all that is - forget all religious terms - The phenomenal thing about this is that for this direct contact nothing else is required than honestly wanting it. Just being alive means that communication with the one Life force itself in a personal way, is possible for every human being. 'No questions asked!'. Just answers, facts, are given.
