

New Mexico Mesothelioma Victims Center Now Urges the Family of a US Navy Veteran with Mesothelioma In New Mexico to Call Them for Vital Compensation Tips Including Avoiding Law Firm Internet Nonsense

NEW YORK, NEW YORK, USA, August 18, 2018 /EINPresswire.com/ -- The New Mexico Mesothelioma Victims Center is now urging a US Navy Veteran who has recently been diagnosed with mesothelioma or their family to call the group anytime at 800-714-0303 for very honest advice on how not to lose out on their compensation. The group says, "Buying into Internet nonsense such as, 'get medical treatment first, and then talk to a lawyer' or 'no lawsuit required' are hook lines and we want to help a person with this rare cancer, or their family to avoid pitches like this." <http://NewMexico.MesotheliomaVictimsCenter.Com>

According to the New Mexico Mesothelioma Victims Center, "We are urging a Navy Veteran in New Mexico who has recently been diagnosed with mesothelioma who was exposed to asbestos on a US Navy ship, or at a shipyard in Norfolk, Virginia; Bremerton, Washington; Bangor, Maine; Long Beach, California; Hunters Point, California; Boston, Massachusetts, Brooklyn, New York or in Philadelphia, Pennsylvania to call us anytime at 800-714-0303 in order to ensure they, or their family members do not get misled by Internet ads about mesothelioma. We offer instant access to the nation's skilled and capable mesothelioma lawyers who are extremely experienced in helping US Navy Veterans with a mesothelioma

compensation claim."

<http://NewMexico.MesotheliomaVictimsCenter.Com>

The New Mexico Mesothelioma Victims Center is urging a diagnosed US Navy Veteran, or any US citizen with mesothelioma, to steer clear of Internet or cable TV advertisements that suggest the following:

- * "No lawsuits needed"
- * "A Federal Mesothelioma Compensation Claim Center"
- * "Get the financial claim settlement you deserve"
- * "Get medical treatment first, and then when you get around to it call us"

“

We offer instant access to the nation's skilled and capable mesothelioma lawyers who are extremely experienced in helping US Navy Veterans with a mesothelioma compensation claim”

New Mexico Mesothelioma Victims Center

Before a US Navy Veteran with mesothelioma in New Mexico and/or their family retain the services of a law firm to advance a compensation claim for this rare cancer caused by exposure to asbestos, they are urged to contact the Mesothelioma Victims Center at 800-714-0303 for some incredibly honest advice about lawyers, and who consistently gets the best possible compensation nationwide.

The New Mexico Mesothelioma Victims Center would like to emphasize theirs is a statewide initiative available to a

diagnosed victim anywhere in New Mexico including communities such as Albuquerque, Santa Fe, Taos, Rio Rancho, Las Cruces, Roswell, or Farmington.

For the best possible treatment options in New Mexico we strongly recommend the following health care facility with the offer to help a diagnosed victim or their family get to the right physicians at the hospital we have indicated: The University of New Mexico Cancer Center, Albuquerque, New Mexico: <http://cancer.unm.edu/cancer/cancer-info/types-of-cancer/mesothelioma>

According to the CDC the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. However, mesothelioma does happen in New Mexico.

<http://NewMexico.MesotheliomaVictimsCenter.Com>

High-risk work groups for exposure to asbestos in New Mexico include US Navy Veterans, power plant workers, oil refinery workers, civilian employees of the Defense Department, manufacturing, or industrial workers, plumbers, electricians, auto mechanics, machinists, miners, or construction workers. Typically, the exposure to asbestos occurred in the 1960's, 1970's, or 1980's.

For more information about mesothelioma please refer to the National Institutes of Health's web site related to this rare form of cancer:
