Up until recently, there had not been an oil refinery built in the US for roughly 30 years. Existing older plants possibly still have asbestos at the refinery. Prior to 1980, many oil refinery workers would have been exposed to asbestos constantly-especially if they were a plumber, electrician, fitter, insulator, or part of a maintenance or construction crew.

According to the group, "If we had just one vital compensation tip for an oil refinery or oil/gas production worker with mesothelioma in New Jersey it would be-call us at 800-714-0303 and take us up on our offer to upgrade you to one of the nation's most skilled and capable mesothelioma attorneys. These incredibly experienced mesothelioma attorneys will produce a much better compensation settlement result for you or your family member as we would like to discuss anytime." <http://NewJersey.MesotheliomaVictimsCenter.Com>

Mesothelioma compensation claims for oil refinery or oil production workers can frequently

exceed one million dollars provided the diagnosed person has the nation's most skilled mesothelioma attorneys working on their financial compensation claim. If a current or former oil refinery or industrial worker in New Jersey has been recently diagnosed with mesothelioma they or their family are urged to call the New Jersey Mesothelioma Victims Center at 800-714-0303 for their unsurpassed free services.
