[/EINPresswire.com/](http://EINPresswire.com/) -- The “[REAL ESTATE AGENT'S APPRAISAL RESOURCE CENTER](#)”

([www.22s.com/023dt6](http://www.22s.com/023dt6)) [Facebook](#) Group will launch on Monday, July 23rd 2018.

Real Estate agents and Lenders all across the United States can now receive unprecedented access to experienced real estate appraisers who can provide information on how to get their listings through the appraisal process faster, so they can get paid **FASTER!**

This dynamic and interactive community is perfect for newer agents who want to jump start their career by learning how to get their listings through the appraisal process quickly and also for seasoned agents who may not be familiar with things what the appraiser looks for during the site visit or under what guidelines the appraiser uses to choose comparable sales

This group can also be a great resource for lenders who want to learn the basis for challenging a low appraisal and want to better understand the appraisal process and how it impacts their business.

Understanding the appraiser's guidelines will help you anticipate potential problems. This will empower you to get your listings through the appraisal process so much easier and faster.”

Many agents think that the guidelines the appraiser follows are state or local. They are not. Appraisers must follow the same criteria for selecting comparable sales for example, whether they are in Alaska or Arkansas or Alabama. Fannie Mae and USPAP guidelines apply to all appraisers, regardless of their location.
