FOR IMMEDIATE RELEASE

LEADING EXHIBITION & CONFERENCE FUTURE HEALTHCARE RETURNS TO LONDON IN 2019

Future Healthcare, a pioneering event showcasing innovative healthcare solutions in the 21st century will be returning to London for the second time in March 2019.

Held at Olympia London from 18-19 March 2019, Future Healthcare 2019 will showcase hundreds of products, services and leading innovations that can support

sustainable healthcare systems across the private and public sectors across the world.

Event Director, Dawn Barclay-Ross in announcement of the 2019 edition said: "Following a hugely successful launch event last year, Future Healthcare 2019 is set to be three times the size as last year. A major meeting of innovators, thought leaders, key buyers, practitioners and policy makers in healthcare from all over the world who come to London for collaboration and deal making on a global scale".

At Future Healthcare you can expect to find the technological solutions needed to support sustainable healthcare systems and to understand how to better serve future generations of patients. The UK has always been a major hub for healthcare research and technological innovation and Future Healthcare 2019 is a unique opportunity to showcase these solutions on a global scale at a truly international event that attracts visitors from over 55 countries.

Dawn concluded "With 70% of stand space now sold, Future Healthcare 2019 is on track to host three times as many exhibitors in 2019, who are ready to demonstrate how their solutions and technologies are shaping the future of healthcare".
