

Majestic Launches New 12 Volt 32-Inch LED TV for Marine and RV Industry Packed With Features

Majestic LED323GS is the latest in state-of-the-art technology TVs connect it to your phone or tablet and get access to thousands of Apps more than a Smart TV.

LONDON, UNITED KINGDOM, August 9, 2018 /EINPresswire.com/ -- Majestic Electronics has released their latest [12 Volt 32" LED TV](#), the Majestic LED323GS has been engineered specifically for the 12V Marine and RV industry with incredible features such viewing your mobile device on a large 32" screen without wifi.

With simple plug and play connectivity, just connect your device to the Majestic LED323GS 12 Volt LED TV and watch your Phone or Tablet come to life on the large screen. There is no complex setting up wifi connections on the TV it's all done through your phone. Now you can use your phone or tablet to surf the internet, do your emails, watch movies from your Apple iTunes or even Google Play plus access to more apps than a Smart TV.

For those that are looking for a [12V RV TV](#) and don't have internet connection you can still access all the Apps and watch movies or listen to music that has been downloaded which allows you to enjoy the big screen from your mobile device.

The Majestic LED323GS is the latest in state-of-the-art technology TV that has recently been launched which is packed with features such as Global TV tuner, which comprises of DVB-T, DVB-S, ATSC which allows the TV to work throughout Europe, Pacific Region, North and South America covering over 150 different countries, it makes it the perfect [12 Volt Marine TV](#).

With more features and functions than any other 12V Marine TV, the Majestic 32" has a built in DVD Player, Multiple HDMI Ports, USB which is able to play movies, music or photos from your USB device. Plus it has user friendly features such as One Touch Tuning, so when you go to a new location simply push the Scan Button for Autotuning for the local channels. Plus those that are concerned about Power Draw, Majestic is the global leader in Ultra Low Power Consumption the LED323GS only draws 3.6Amps (43W) at 12V, lower than any other 12V 32" TV and includes a 3 Year Warranty.
