Author Pens Wizardy and Treachery Abounds in Manhattan

FALL RIVER, MA, UNITED STATES, August 10, 2018 /EINPresswire.com/ -- It was the most important affair for every family, to sit together, and talk over dinner, but for Tom Linden, dinner time means "Disappointment Day." He earned a Master's degree in History, but his parent's endless comparison to his overachiever sibling makes him cringe and desire to be in another place.

"[The Wizard Who Stole Manhattan](#)" penned by [Avelino de Castro](#) casts a spell over his readers, a book braided with magic, treachery, wondrous worlds as well as imaginative characters, sorcery and thrilling journeys.

With dynamic rhyming text, this rib-tickling tale will captivate the heart and soul of each character especially Tom Linden.

His uninspired supper at the park puts Tom into a gigantic adventure. A big thud and a jigger, and what felt like an earthquake leaves Tom surrounded by Native Americans in full fifteenth-century regalia, five of them.

Meet the leader of the pack, Chief Flying Cloud, who showed Tom the injustices they suffered from Peter Minuit. The historical villain was an unscrupulous sorcerer who didn't move out at the end of the lease of Manhattan Island.

Seeking Tom's help was Chief Flying Cloud last card, but will Tom survived Minuit's power of evil?

"The Wizard Who Stole Manhattan" is a riveting story featuring themes of courage, friendship, magic, and action-packed adventure!

About the Author:

Avelino became interested in writing at an early age. He has published ten short stories in various magazines, some under the name of AD Conrad. He has written three novels. The Wizard Who Stole Manhattan is the first serious comic fantasy he has published. Please enjoy.
