

Author's Book Gains Positive Reviews On Amazon.com

Author's Book Gains Positive Reviews On Amazon.com

LEXINGTON, MA, UNITED STATES, August 14, 2018 /EINPresswire.com/ -- Seek life's purpose and travel with a loyal friend in Robert Wellington's [Water Wisdom](#), A Journey of Discovery. The author's love for nature and discovery of new things have become his inspiration for writing a book that allows escape from a city's bustle and leads to a reflection about life.

After the success of introducing Hall's characters to the readers, the book has gained positive reviews. From the unlocking of the unspoiled Canadian North Woods to the seamless combination of narrative, prose and poetry, the book has truly made a mark in every reader's heart.

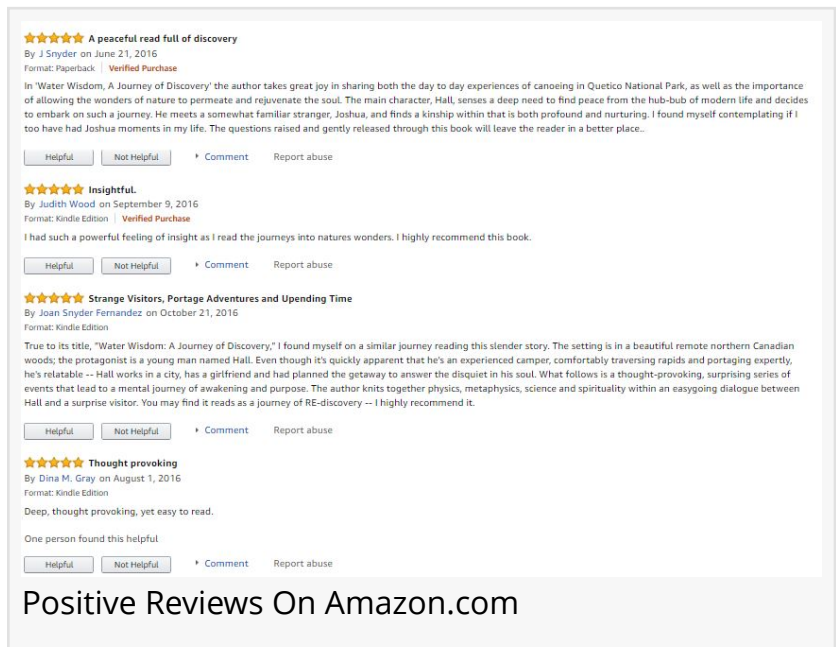

Water Wisdom, A Journey of Discovery has gained many positive reviews on Amazon.com and some of these reviews are documented:

"In 'Water Wisdom, A Journey of Discovery' the author takes great joy in sharing both the day to day experiences of canoeing in Quetico National Park, as well as the importance of allowing the wonders of nature to permeate and rejuvenate the soul. The main character, Hall, senses a deep need to find peace from the hub-bub of modern life and decides to embark on such a journey. He meets a somewhat familiar stranger, Joshua, and finds a kinship within that is both profound and nurturing. I found myself contemplating if I too have had Joshua moments in my life. The questions raised and gently released through this book will leave the reader in a better place.." – J Snyder

"True to its title, "Water Wisdom: A Journey of Discovery," I found myself on a similar journey reading this slender story. The setting is in a beautiful remote northern Canadian woods; the protagonist is a young man named Hall. Even though it's quickly apparent that he's an experienced camper, comfortably traversing rapids and portaging expertly, he's relatable -- Hall works in a city, has a girlfriend and had planned the getaway to answer the disquiet in his soul. What follows is a thought-provoking, surprising series of events that lead to a mental journey of awakening and purpose. The author knits together physics, metaphysics, science and spirituality within an easygoing dialogue between Hall and a surprise visitor. You may find it reads as a journey of RE-discovery -- I highly recommend it." – Joan Fernandez

About the Author:

[Robert H. Wellington](#) is a lover of spirit in all its infinite forms, from family and friendships to

The screenshot shows four positive reviews for the book 'Water Wisdom, A Journey of Discovery' by Robert Wellington. Each review includes a star rating, the reviewer's name, the date, and the format (Paperback or Kindle Edition). The reviews are as follows:

- ★★★★★ A peaceful read full of discovery**
By J Snyder on June 21, 2016
Format: Paperback | Verified Purchase

escaping in nature. He is a husband, father, grandfather and businessman. He finds great peace in the outdoors and has participated in and/or led many canoe trips through Canada's pristine waterways. It is from these trips that he draws the inspiration for Water Wisdom. Finding spiritual continuity and connectedness across all of life's experiences has been his passion and as he puts it, "a joyful ride indeed."
