

Hydra Management using Auth0 to Authenticate Users of Hydra Cloud

Committed to the highest standards in data security

FARNBOROUGH, ENGLAND, UNITED KINGDOM, August 16, 2018 /EINPresswire.com/ -- Farnborough, Hampshire, 16th August 2018. [Hydra Management](#), a leader in project and resource management solutions today announced that it is using [Auth0's](#) Universal Identity Platform to authenticate users of Hydra Cloud.

Hydra Cloud is a SaaS solution that helps organisations optimise their project and service delivery, improving communication and driving collaboration to enable delivery of best practice across projects and portfolios.

Auth0, a global leader in Identity-as-a-Service (IDaaS), provides thousands of enterprise customers with a Universal Identity Platform for their web, mobile, IoT, and internal applications. Its extensible platform seamlessly authenticates and secures more than 1.5B logins per month, making it loved by developers and trusted by global enterprises. The company's U.S. headquarters in Bellevue, WA, and additional offices in Buenos Aires, London, Tokyo, and Sydney, support its customers that are located in 70+ countries.

Hydra is using Auth0 to provide authentication to its cloud software on both desktop and mobile app for IOS and Android. They implemented Auth0 to enhance the way they look after user security and as part of their commitment to offering their customers leading industry standards in data security. In addition it gives their customers the option to upgrade to Single Sign On authentication (SSO) making it even simpler for its users to access Hydra Cloud on their desktop or mobile, at work or at home.

Juan Manrique, CEO, Hydra Management comments "we take the security of our software and services very seriously and we are pleased to offer our customers 'best-in class' security and protection when they use our software".

Hydra, a leading organisation with unique technologies helps users optimally manage resources and deliver consistently successful projects. Over 50 blue chip companies with 50,000 users chose Hydra to transform their business. The company's U.K. headquarters are in Farnborough, Hampshire and additional office in Colombia, Latin America.
