

# Weby Corp Named To Inc 5000 Fastest-Growing Companies Five Years Straight

---

ARLINGTON, TEXAS, UNITED STATES, August 16, 2018 /EINPresswire.com/ -- In a major milestone of sustained growth, omni-channel retailer [Weby Corp](#) has been named to the Inc. 500 / 5000 Fastest-Growing Privately Owned Companies list for the fifth year in a row. This year Weby Corp is positioned at #2076, up from #2245 last year. It is rare to see companies maintain such growth over a five year period, and even-rarer to see them climb up to a higher position in the list than last year. Previously Weby Corp made the list at #381 in 2014, #1463 in 2015, #2169 in 2016 and as mentioned above #2245 in 2017.

With a solid 8+ year history of growth in the competitive retail sphere, Weby Corp CEO Mikhail Orlov reflected back on the origins of the company and where it is headed from here:

"I still recall the time when we sat around [company president] Igor Motkin's apartment on upturned trash cans and stared at our monitors. We had a rough idea what we thought our business was going to be, but none of us could have accurately described what the company has evolved into over the last 8 years. Is it a good or a bad thing? Time will tell. It is a great honor to be recognized by Inc. 5000 community as being able to deliver fast paced growth, but numbers do not always tell the full story. There have been plenty of sleepless nights, difficult conversations, friends and co-workers lost along the way, ups and downs of technologies and other companies disrupting the business. One thing this journey has not been is boring. As I look at our next 10 years - I see a journey that will surprise us all yet again."

With five years down, Weby Corp now sets its sights on 10 years in a row on the Inc. 500 / 5000 Fastest-Growing Companies List.
