According to the new market research report by Industry Arc, titled "Gummy Vitamin Market By Type (Adult & child vitamin gummies, Others); By Products (Single & Vitamin); By Application (Vitamin Deficiency, Weight Gain, Immunity & Others); By Industry (Pharmaceutical, Chemicals, Food & Others) & Geography - Forecast(2018 - 2023) " , the market is expected to grow at a CAGR of 5.3% during the forecast period. It will be driven by the end user industries such as chemicals, food, and pharmaceuticals.

North America to dominate the Gummy Vitamin Market

North America will dominate the Gummy Vitamin Market in the forecast period in the coming years. The increasing health concerns in this region will propel the demand for gummy vitamin materials. America is the main region for gummy vitamins with the U.S. leading the market. Europe is expected to record the highest growth in the future due to increasing demand for gummy vitamins in the region and innovations in the gummy vitamin formulations. . Asia Pacific will show a CAGR of 3.8% from period 2017 to 2025 due to the robust demand for vitamin and dietary supplements in the region.

Selected Regulatory Analysis done in the Full Report

The multivitamin segment will dominate Gummy Vitamin Market during the forecast period. This is due to its popularity and development of new formulations in the taste and shape of vitamin gummies. The single vitamin segment will also experience a high growth due to the growing demand for the Vitamin D supplements among all the age groups and the increasing use of Omega 3DHA among pregnant women.
