“

Rising CVD, CHD and other heart related diseases are driving the growth of cardiac catheter sensor market”
OMR Analyst

“The presence of global giants such as Abbott laboratories, GE [Healthcare](#), Honeywell International Inc., Philips Healthcare and TE Connectivity are contributing significantly into the growth of the global cardiac catheter sensor market. These players are investing significantly in R&D and clinical trials to offer innovative products via FDA

approval to end users to curb cardiac menace and increase profitability. For an instance: Abbott Laboratories for its Advisor HD Grid Mapping Catheter, sensor enabled received CE mark approval, in January 2018. With the launch of this product in Europe, the company is offering a mapping catheter with a first-of-its-kind grid configuration of electrodes to the physicians for improved data collection. The approval received by the companies for their product coupled with launching of new products in the market enhance the overall market growth significantly.”
The global cardiac catheter sensor market is geographically divided among four major regions – North America, APAC, Europe, and Rest of the world. North America is dominating market. The

market is expected to grow at a stable CAGR. The major factor behind the growth of the market in North America is dominance of key market players in the region. Asia Pacific market is expected to have the highest CAGR amongst all regions during the forecast period of 2018-2023. Increasing prevalence of CVDs in APAC region is backing the growth of the cardiac catheter sensor market in the Asian countries.

The report covers:

Comprehensive research methodology of global cardiac catheter sensor market
In-depth analysis of macro and micro factors influencing the market guided by key recommendations.

Analysis of regional regulations and other government policies impacting the global cardiac catheter sensor market

Insights about market determinants which are stimulating the global cardiac catheter sensor market

Detailed and extensive market segments with regional distribution of forecasted revenues

Extensive profiles and recent developments of market players
