

Johannesburg gets ready for 4th Healthcare Innovation Summit Africa

Transforming Healthcare with Technology

JOHANNESBURG, GAUTENG, SOUTH AFRICA, August 21, 2018

/EINPresswire.com/ -- The 4th Annual [Healthcare Innovation Summit Africa](#) is scheduled for 17-18 October 2018 at the Gallagher Convention Centre, Johannesburg, South Africa. The conference will attract over 300+ hospital CxOs, medical practitioners, healthcare IT leaders, service providers and government functionaries, as well as a carefully selected roster of local and international speakers.

[HISA 2018](#) joins the dots between innovation and practicality, presenting the latest healthcare technologies and showcasing their practical application and integration into existing healthcare infrastructure. Under the theme “Transforming Healthcare with Technology”, the agenda will cover emerging technology trends in healthcare such as AI, IoT and wearables, electronic health records, healthcare data security and privacy, telemedicine, predictive analytics and much more. It will also look at the impact that these technologies have on hospital operations and healthcare delivery.

Why Attend?

- Discover the latest trends: Under one roof you will find cutting edge digital healthcare solutions that will move your organisation to greater heights.
- Develop a Roadmap: Discover tomorrow's healthcare innovation tools to solve critical issues and create a clear vision for your organisation.
- Overcome Challenges: Address the challenges specific to your healthcare organisation with our tracks, workshops and discussion streams.
- International and Local Case Studies: Hear real transformation stories that you can implement in your organization to alleviate your challenges.
- Connect: Connect with over 300 worldwide senior healthcare executives in a unique environment of collaboration
- Transformation - digital healthcare is constantly evolving, don't get left behind

Confirmed speakers for HISA 2018:

- Rajeev R. Eashwari, Director: eHealth, KZN Provincial Department of Health
- Etienne Dreyer, Associate Director: PwC
- Leonard Slabbert, CTO: Boehringer Ingelheim, Sub-Saharan Africa
- Reg Courtenay, Deputy Director: IT Systems in Health, Joburg City
- Dr Kofi Okyere-Dede, Medical Doctor & “Ideas Guy” for Novitech Digital

- Mike Perk, CEO at WWC
