

The organic farming market is expected to grow with a CAGR of approximately 15%

The Americas will dominate the Organic Farming Market in the coming years followed by Europe

HYDERABAD, TELANGANA, INDIA, August 22, 2018 /EINPresswire.com/ -- According to new market research report by IndustryARC, titled "[Organic Farming Market](#): By Biocide (Glutaraldehyde, DBNPA, THPS, Chlorine, Quaternary Ammonium, Others); By Bio Solvent (Hydrocarbon, Alcohols, Glycols, Others); By source (natural, synthetic); By Application (Drilling, Production, Fracturing, Completion, Others); By Geography – Forecast (2018-2023)", the market will be driven by demand for food safety and sustainable production.

Americas will Dominate the Organic Farming Market During the Forecast Period

The Americas will dominate the Organic Farming Market in the coming years followed by Europe. The growing awareness about organic food products and the ability of organic farming methods to protect land and water resources will enhance the growth of the market in the Americas. Moreover, the increasing concerns for personal health and environment also contribute to the growth of the market in the region. In Europe, Germany is the largest region in organic farming followed by France, UK, Italy, and Sweden.

Selected Regulatory Analysis Done in the Full Report:

Organic coffee and tea segment is the fastest growing segment followed by organic meat, fish, and poultry products that show a similar growth. The largest category of the organic farming is organic produce which accounts for 30% of all the organic food sales. 13% of fruits and vegetables which are sold in the US are organic. The second largest organic category is the dairy. These factors will eventually elevate the growth of the organic farming in the future.

What can you expect from the report?

The Organic Farming Market Report is prepared with the main agenda to cover the following 20 points:

1. Market Size by Product Categories

2. Market trends
3. Manufacturer Landscape
4. Distributor Landscape
5. Pricing Analysis
6. Top 10 End user Analysis
7. Product Benchmarking
8. Product Developments
9. Mergers & Acquisition Analysis
10. Patent Analysis
11. Demand Analysis (By Revenue & Volume)
12. Country level Analysis (15+)
13. Competitor Analysis
14. Market Shares Analysis
15. Value Chain Analysis
16. Supply Chain Analysis
17. Strategic Analysis
18. Current & Future Market Landscape Analysis
19. Opportunity Analysis
20. Revenue and Volume Analysis

Frequently Asked Questions:

Q. Does IndustryARC publish country, geography or application based reports in Organic Farming?

Response: Yes, we do have separate reports and database as mentioned below

1. Organic Farming Market (2018-2023)
2. Americas Organic Farming Market (2018-2023)
3. Europe Organic Farming Market (2018-2023)
4. Asia Pacific Organic Farming Market (2018-2023)

Q. Does IndustryARC provide customized reports and charge additionally for limited customization?

Response: Yes, we can customize the report by extracting data from our database of reports and annual subscription databases. We can provide the following free customization:

1. Increase the level of data in application or end user industry.
2. Increase the number of countries in geography or product chapter.
3. Find out market shares for other smaller companies or companies which are of interest to you
4. Company profiles can be requested based on your interest.
5. Patent analysis, pricing, product analysis, product benchmarking, value and supply chain analysis can be requested for a country or end use segment.

Any other custom requirements can be discussed with our team, drop an e-mail to sales@industryarc.com to discuss more about our consulting services.
