MarketResearchNest.com adds "2018-2023 Global Adult Diaper Consumption Market Report" new reports to its research database.

PUNE, INDIA, August 22, 2018 /EINPresswire.com/ -- MarketResearchNest.com adds "2018-2023 Global Adult Diaper Consumption Market Report" new reports to its research database. The report spread across 163 pages with tables and figures in it.

In this report, Researcher covers the present scenario (with the base year being 2017) and the growth prospects of global [Adult Diaper market](#) for 2018-2023.

An adult diaper (or adult nappy) is a diaper made to be worn by a person with a body larger than that of an infant or toddler. Diapers can be necessary for adults with various conditions, such as incontinence, mobility impairment, severe diarrhea or dementia. Adult diapers are made in various forms, including those resembling traditional child diapers, underpants, and pads resembling sanitary napkins (known as incontinence pads).

Growing aging population, urbanization and increased awareness of treatment methods for urinary incontinence are expected to be the major drivers for the global adult diaper market. Aging population, economic affluence and improvement of the healthcare sector are expected to support the adult diaper market growth in the near future. However, volatility in prices of raw material may curb the demand for adult diaper within the forecast period. Also, ever increasing demand for the new products which includes body fit, skin friendly, superior absorption, stretchable, stylish and odor free is expected to grow new opportunities in the adult diaper market.

Over the next five years, LPI(LP Information) projects that Adult Diaper will register a xx% CAGR in terms of revenue, reach US\$ xx million by 2023, from US\$ xx million in 2017.
