

Comprehensive Cloud Solutions for a Competitive Advantage Introduced by Ace Technology Partners

Ace Technology Partners just announced that they are offering comprehensive cloud solutions specifically designed to deliver a competitive advantage.

CHICAGO, ILL., U.S., August 24, 2018 /EINPresswire.com/ -- [Ace Technology Partners](#), one of the most respected cloud technology providers in the U.S., just announced that they are offering comprehensive cloud solutions specifically designed to deliver a competitive advantage.

Ace Technology Partners' cloud solutions ensure seamless integration into their public, private, or hybrid cloud environments. The infrastructure is secure, scalable and flexible, providing customized enterprise solutions that make Ace Technology Partners an industry leader. Benefits of implementing a cloud solution with Ace Technology Partners include:

- Flexibility: Ideal for businesses with growing or fluctuating bandwidth demands
- Disaster Recovery: Avoid large upfront investment with third-party expertise
- Automatic Software Updates: No concerns about missed updates
- No Capital Expenditures: Eliminates hardware costs
- Facilitates Collaboration: Common document repositories and software
- Security: Cloud data centers are certified to strict security standards
- Availability: Data is stored in the cloud and always accessible

The Ace Technology Partners cloud environment grows as their clients grow, supporting everything from a simple DEV environment cybersecurity,

Ace CEO John Samborski

intelligent data management and business applications, to hosting legacy resource-intensive applications.

The company's experienced technical staff provides guidance every step of the way to ensure that the cloud environment is secure and performance ready.

ISO 9001 Certified Ace Technology Partners is one of the most successful U.S. public sector solution providers designated a small business. The company currently holds the following contracts: SEWP V, NETCENTS 2, NASPO and more. As a woman-owned business, the company has been working with the public sector since 1983, delivering outstanding stability, credibility, and expertise. It has the proven ability to deliver the largest projects and the resources to finance them, along with an outstanding procurement track record and one of the highest acceptance/lowest return rates in the industry. Long-term public sector clients, include the Department of Energy, Department of Defense and all U.S. Military Agencies. In addition to its Greater Chicago headquarters, Ace Technology Partners has locations in New York, New Jersey, Florida, Virginia, Nevada, Arizona, Colorado and Washington. To contact Ace Technology Partners, call 1-877-223-2667 or 1-847-952-6900 or visit <http://www.acetechpartners.com>.
