

Heat Resistant Coatings Market (Silicone, Epoxy, Acrylic, Polyester & Modified Resins) to 2023 at MarketResearchNest.com

MarketResearchNest.com adds "Global Heat Resistant Coatings Market 2018 by Manufacturers, Regions, Type and Application, Forecast to 2023" new to its database.

PUNE, INDIA, August 27, 2018 /EINPresswire.com/ -- MarketResearchNest.com adds "Global [Heat Resistant Coatings Market](#) 2018 by Manufacturers, Regions, Type and Application, Forecast to 2023" new

reports to its research database. The report spread across 128 pages with tables and figures in it.

Heat resistant coatings also known as passive fire protection or intumescent coatings provide protection to equipment and structures from fire or flames with high temperature. These coatings are used to protect the spread of fire or lessen the damage caused by fire to surfaces. Heat resistant coatings are mostly used in the Civil Construction and Oil and Gas industries.

This report focuses on the Heat Resistant Coatings in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

The automotive and other transportation industry in Asia-Pacific has been undergoing rapid growth in the recent years owing to the shifting manufacturing base from western economies. This is majorly due to the low costs of labor, along with the presence of large and approachable consumer base in the region. The automotive production in the region has been on the increase in the past few years and is expected to grow further at a significant rate, majorly in countries such as China, India, Indonesia, and Vietnam. Heat resistant coatings are employed during automotive manufacturing processes, majorly for automotive spline, exhausts, grills, and few electrical components. They aid in maintaining the color as well as providing necessary thermal and chemical resistance to the applied components. The booming automotive production activities in Asia-Pacific are expected to increase the consumption of heat resistant coatings in the region at a significant rate in the coming years.

Inquire before Buying at <https://www.marketresearchnest.com/report/enquirybuy/413117>.

Asia-Pacific is expanding at a higher rate for heat resistant coatings market. Some of the main reasons for the expansion are growing and emerging economies, transportation industry, increasing FDI, low-cost labor, etc. With the ongoing rapid industrialization in the region, mainly in China and India, the usage of heat resistant coatings in flammable fluid pipelines is growing significantly due to new innovations and technological advancements in the region. These are to support the growth for heat resistant coatings in the region.

The worldwide market for Heat Resistant Coatings is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017.

Market Segment by Manufacturers, this report covers

Akzo Nobel

Ancatt

Jotun

BASF

Contego International

Hempel Marine Paints

Jotun

Nippon Paint

No Burn

Nullifire

Sherwin Williams

Market Segment by Regions, regional analysis covers

North America (United States, Canada and Mexico)

Europe (Germany, France, UK, Russia and Italy)

Asia-Pacific (China, Japan, Korea, India and Southeast Asia)

South America (Brazil, Argentina, Colombia etc.)

Middle East and Africa (Saudi Arabia, UAE, Egypt, Nigeria and South Africa)

Market Segment by Type, covers

Silicone

Epoxy

Acrylic

Polyester

Modified Resins

Order a purchase report copy of at

Market Segment by Applications, can be divided into

Automotive and Transportation

Industrial

Consumer Goods

Building and Construction

There are 15 Chapters to deeply display the global Heat Resistant Coatings market.

Chapter 1, to describe Heat Resistant Coatings Introduction, product scope, market overview, market opportunities, market risk, market driving force;

Chapter 2, to analyze the top manufacturers of Heat Resistant Coatings, with sales, revenue, and price of Heat Resistant Coatings, in 2016 and 2017;

Chapter 3, to display the competitive situation among the top manufacturers, with sales, revenue and market share in 2016 and 2017;

Chapter 4, to show the global market by regions, with sales, revenue and market share of Heat Resistant Coatings, for each region, from 2013 to 2018;

Chapter 5, 6, 7, 8 and 9, to analyze the market by countries, by type, by application and by manufacturers, with sales, revenue and market share by key countries in these regions;

Chapter 10 and 11, to show the market by type and application, with sales market share and growth rate by type, application, from 2013 to 2018;

Chapter 12, Heat Resistant Coatings market forecast, by regions, type and application, with sales and revenue, from 2018 to 2023;

Chapter 13, 14 and 15, to describe Heat Resistant Coatings sales channel, distributors, traders, dealers, Research Findings and Conclusion, appendix and data source
