

Infinite Beauty shares the details on one of their best selling exclusive Skincare Range

Exclusively developed by Infinite Beauty, the brand's Apeiro skincare range has been a huge hit with customers.

BOCA RATON, FLORIDA, UNITED STATES, August 29, 2018 /EINPresswire.com/ -- Taking its name from the Ancient Greek word for 'infinite,' [Apeiro](#) by [Infinite Beauty](#) combines vitamins, minerals, and compounds, all of which are certified organic and entirely natural. According to the brand, Apeiro banishes wrinkles, blemishes, lines, and many other what it calls 'unsightly skin complaints.'

Available exclusively from Infinite Beauty's spa locations, its website and a further dedicated site especially for the Apeiro line-up, ingredients used to formulate the range include green tea, jojoba oil, and grape seed.

"Green tea, jojoba oil, and grape seed are all demonstrated to provide the gentle yet powerful nutrition which our skin needs to look its absolute best," suggests Eric Inbar, Infinite Beauty's vice president of operations. "Each and every Apeiro product formula has been painstakingly clinically tested to ensure outstanding and dramatic results which speak for themselves."

Inbar goes on to explain that Infinite Beauty refuses to use anything but the very best in terms of ingredients. "[Apeiro products](#) contain fully-certified organic ingredients," he explains, "thus ensuring that even the most sensitive skin types can enjoy the results afforded by the range."

Customer feedback has been incredibly positive for the product line-up too. "For a while already," says one Infinite Beauty client, "I've been noticing the bags around my eyes getting bigger. However, I recently had the pleasure of being one of the first people to try out Apeiro Products, and let me tell you, not only was I not disappointed, I was truly blown away."

The customer, New York City-based Peggy Brain, continues, "I love everything about Apeiro, from the outstanding results, right down to the attractive product packaging. The scents and textures

of the products are amazing too."

Revealing more about Ms. Brain's experience with the product range, Infinite Beauty's vice president of operations continues, "Ms. Brain further adds that she's been able to see a significant difference in the skin under her eyes, and told our team that people are regularly telling her that she looks great!"

Praise from other Infinite Beauty clients for Apeiro goes on to mention its "instant results" and highlight the "exquisite feel" of the products.

Infinite Beauty proposes that Apeiro represents a viable, entirely non-invasive alternative to cosmetic surgery, suitable for customers of all ages. "We invite clients to give their skin the attention and care needed for the much-coveted vibrant and youthful look," suggests Inbar.

"Your skin deserves Apeiro," he adds, wrapping up, "and you deserve Apeiro too."
