

ACS Group Named #1 Largest Minority Owned IT Staffing Firm in U.S.

Recognized within 2018 U.S. Largest IT Staffing Firms List

DULUTH, GA, UNITED STATES, August 30, 2018 /EINPresswire.com/ -- Duluth, Georgia, United States, August 9, 2018 – Staffing Industry Analysts (SIA), a global advisor on staffing and workforce solutions, has released its 2018 report on the Largest Staffing Firms in the United States. This report ranks companies by revenue according to industry custom, is believed to be accurate and can be used appropriately to get a “big picture” reading of the U.S. staffing market.

ACS Group, a premier provider of IT Consulting, Engineering Consulting, Healthcare, Talent, and Workforce Management Solutions to Fortune 1000 companies globally, was recently recognized within the Staffing Industry Analysts annual list of 2018 U.S. Largest Information Technology Staffing Firms and ranked as the #1 Largest Minority-Owned IT Staffing Firm in the U.S.

“

We couldn't be more pleased with this recognition of our IT staffing business and our employee's ability to provide value in this market.”

ACS Group CEO Raj Sardana

ACS Group stands out as an industry leader for its innovation, large operations, impressive achievements and competitiveness in today's dynamic market environment. This growth is evident in that out of the 47 IT staffing firms listed, ACS Group ranked the 8th largest in the U.S. And as a minority-owned company, it ranked as the #1 Largest Minority-Owned IT Staffing Firm for a second consecutive year.

“We couldn't be more pleased with this recognition of our

IT staffing business and our employee's ability to provide value in this market,” said ACS Group CEO Raj Sardana. “ACS Group will continue to participate and succeed in the IT industry and staffing marketplace and we welcome and celebrate this prestigious honor.”

ACS Group believes that it was able to earn these recognitions by focusing on its 5 core strategies. Win, service, and retain retail and local clients. Expand its geographical footprint to win, service and retain large strategic and international accounts with reasonable profitability. Differentiate with high-quality products and great customer service at low cost. Leverage the potential of the family of operating companies, partners, and acquisitions, and most importantly, the continuous development of its employees.

These lists, which have been published annually for 23 years, rank companies by their U.S. staffing revenue and covers firms that have generated at least \$100 million in such revenue during the previous fiscal year. The highlighted companies generated \$83.6 billion in U.S. staffing

revenue last year, accounting for 58.6% of the market.

SIA is the global advisor on contingent work. Known for its independent and objective insights, the company's proprietary research, award-winning content, data, support tools, publications, and executive conferences provide a competitive edge to decision-makers who supply and buy temporary staffing.
