“

There are a number of very solid business opportunities out there that can provide the satisfaction and perks of business ownership but don't require a huge financial investment”

*Eric Stites, CEO of Franchise Business Review*

Thousands of franchisees across a number of brands participated in Franchise Business Review's franchisee satisfaction survey between November 2016 and May 2018.

Image One's franchisees were surveyed on 33 benchmark questions about their experience and satisfaction regarding critical areas of their franchise systems, including training & support, operations, franchisor/franchisee relations, and financial opportunity.

"Many people never consider buying a franchise because they think they can't afford it. But what they don't know is that there are a number of very solid business opportunities out there that

can provide the satisfaction and perks of business ownership but don't require a huge financial investment," says Eric Stites, CEO of Franchise Business Review. "The low-cost franchises that made this year's list are excellent options for those who are looking to make the leap to business ownership."

Regardless of background, Image One's goal is to help people become their own boss. With a starting investment among the lowest in the entire franchise industry, Image One owners can live out their entrepreneurial dreams as an experienced group of commercial cleaning executives guide them every step of the way.

"We're excited to once again be on Franchise Business Review's independent list of top low-cost franchises," said Image One President and Co-Founder Tim Conn. "We strive to provide an ideal franchise opportunity to ambitious people willing to put in the time to learn how to effectively run and grow a commercial cleaning business.
