"I am very excited about the launch of our resource guide because futures are a niche in betting that a lot of people do not know much about," said Victoria Lawson, Lead Developer at Future Betting Odds. "It's one of the few bets where you can place a small bet and get a huge payout."

"I came up with the idea for FBO because I wanted to teach people about futures betting," Lawson said. "I didn't want people to land at sites who only want to steal your money or even worse – your identity."

Bettors from around the world can now use the Future Betting Odds online resource guide on both desktop and mobile devices.
