

Siliconindia Debunks the Top 5 Mobile App Development Companies in India 2018

Amongst all bruits and hearsays, Konstant delineates itself after being listed amongst the top 5 mobile app development companies in India 2018 by Silicon India

PALO ALTO, CALIFORNIA, UNITED STATES, September 10, 2018 /EINPresswire.com/ -- Silicon India has just rolled out a speckles list of top mobile app development companies. These companies are industry leaders who have earned name and fame by their efforts. An awe-inspiring sight is to see client biggies appreciate them for their work and map them on a global scale. Out of the various raiment features, some of the primary ones that Silicon Team has considered before coming up with their results are - UI/UX of screens, focus on user's attention, maximum task orientation with minimum functionalities, backend support, routing of data, remaining associated to design elements and keeping them native to each platform etc.

Konstant has always strived to improve upon its own past records and to working out on its statistics and quality of work with every project they do. Konstant has exerted itself continuously and vigorously to entice and amaze its customers with their developmental efforts. Apart from being reliable and cost-effective, solutions can be mapped according to changing market dynamics.

Konstant firmly believes that in order to move forward, they have stumbled along the way, but every setback or falter have made them 10x stronger. An array of technologies upon which Konstant has been acting upon are

The image shows a promotional banner for Konstant Infosolutions Pvt. Ltd. The top section features the company logo, which consists of a stylized 'K' and 'IS' in blue, with the word 'KONSTANT' in a bold, sans-serif font below it, followed by 'INFOSOLUTIONS PVT. LTD.' in a smaller font. Underneath the logo is the tagline 'Creative • Innovative • Functional'. The bottom section of the banner has a dark blue background with white text. It reads 'MOBILE APP DEVELOPMENT SERVICES' in large, bold letters, followed by 'TRANSFORMING YOUR BUSINESS INTO PROFITABLE OUTCOMES' in smaller text. A white rectangular button contains the text 'INQUIRE NOW' and the website address 'WWW.KONSTANTINFO.COM'. At the bottom of the banner, there are five circular icons representing different mobile operating systems: Apple (iOS), Android, Windows Phone, Windows 10, and a grid icon representing various other mobile devices or platforms.

React Native, React.Js, Angular.Js, Node.Js, Xamarin, PhoneGap, Cordova, Swift, Objective C, Java, .Net etc. While Mobile App Development is their forte; they have proved their efforts time and again in [iOS app development](#), Android App Development, web development and hybrid app development. Having essayed their efforts to derive various solutions in travel, hospitality, media, entertainment, healthcare, fitness, transport, automotive, gaming, leisure, directory, organization, events, and tickets, their success graph always shows an upward trend despite periodic times of slag. They enjoy a happy and diverse clientele of around 2500+ clients worldwide.

The selection criteria include – consistency with budget and delivery of submission, reviews from clients, agility to adopt new technologies, selection of appropriate business model, post-deployment maintenance, and support, communication with clients and history of previous projects. One of the very important criteria is to switch between technologies if required, support various cross-platform development technologies and making apps rank in terms of performance and efficiency.

According to Vipin Jain, “This appellative function is a matter of pride for our organization, something which we must always cherish, preserve and further strengthen”.

The Silicon India team has chosen these companies based on their expertise, quality of work, considering their portfolio and the reviews provided by erstwhile clients.
