QUEENS, NEW YORK, UNITED STATES OF AMERICA, September 12, 2018 /EINPresswire.com/ -- Naysayers say it is impossible. Others say its not worth their time. New York prolife groups outside of Personhood New York are inquisitive, yet, Personhood supporters and other prolife supporters in New York witnessed the political conversion on the evening of June 20, 2018 in Queens, New York.

Personhood New York (PNY) is a fairly young prolife organization established in May 2015. Since then, the organization has been quietly spreading the word about its existence. It must be noted that PNY cannot endorse any candidate since it is a 501.c4, but what it can do is draw up a comparison chart of candidates that are important to the organization.

Since PNY's inception, a few candidates were brought to the attention of PNY by Personhood supporters, yet those same candidates refused to be interviewed because they were unwilling to say publicly they stood in defense of all human life, born and unborn. This year, in a very heated campaign that is taking place in Queens, New York, one candidate was pointed out to PNY as pro-life, and who was not afraid to announce publicly the stance to defend human life in the womb as well as outside the womb. After a one-on-one personal interview followed by an online survey, with this same person running for office, Personhood was on the edge of embarking on a new venture. The candidate presented a fearless stance in defending the life of the child in the womb and didn't mind saying it publicly.

During a meeting in Queens, PNY was invited to present to a pro-life group interested in the activities of Personhood NY. The topic was 'New Activities' of PNY. PNY explained that it had just interviewed a NY Candidate who said she was pro-life, and PNY was planning on providing the talking points that best defended life, in all stages of human development. Since PNY is connected with [Personhood Alliance](#) at the national level, it has access to other State Personhood organizations as a great resource to draw from. For example, [Prolife Wisconsin](#) is a delegate of Personhood Alliance. Prolife Wisconsin helped to coach Presidential Scott Walker on the topic of life of the mother. Another strong resource is international speaker Rebecca Keissling, Esq. who educates all communities, schools and legislators on the rape exceptions, since having found out she herself was conceived in rape.

When other candidates present in the room expressed the desire to also be interviewed, the Political Conversion had already taken place!

PNY owes much thanks to Personhood Alliance for all of their help and support while providing

the resources needed.

"The Voter Guide HERE" contains the results of just the three candidates, all of whom are running for office in Queens. As of this writing, more candidates are stepping forward requesting to be interviewed.
