Asking Price for the entire, approximate 28,000-square-foot store lot: \$2mil.

Owner, has stated his preference is to sell the entire inventory of American and French architectural antiques all together, to one buyer. "I've got a very impressive inventory," "If someone's looking to buy 10 to 12 40-foot containers from France, all in one spot, this is the spot to do it; I have over 300 entry doors from France, They are all of high-caliber.

We have an extensive inventory of French and American entry doors, our selection includes doors made of solid wood, iron, and bronze. Entry doors are one of the most important architectural features of ones home and should make a strong impact.

We are one of the country's largest suppliers of antique ornamental iron; in many cases, old iron costs the same as new iron, and the quality and designs of old, vintage iron are far superior.

We have a large selection of garden gates, driveway gates, iron entry doors, and iron wine cellar doors. We also have custom built and design furniture (tables, consoles, beds, etc.) using iron and bronze elements.

For more than 30 years plus, we have offered an exceptional mix of European and American architectural antiques. We are direct importers and unlike other dealers who have staff buyers, our owners have hand selected each item in our inventor.

We offer an array of large door pulls, levers, push plates, knobs, door knockers, doorbells, letter slots, etc. in brass, bronze, and iron, Iron Gates and Bronze Artifacts, Classical European Brass Door Hardware. They are simply the finest door hardware money can buy.
