REI Network, L.P. Nominated for Enterprise Champion Award At FAST 100 AWARDS 2018

REI Network, L.P. is honored to announce our placement on this year's list of the fastest-growing private companies in the greater Houston area, which is produced by the Houston Business Journal.

This is their second appearance on the FAST 100 List, and their first time being nominated for the Enterprise Champion award.

The Enterprise Champion award goes to a Fast 100 company that stands out in community service, innovation, corporate culture and overcoming challenges, as determined by a panel of judges. This year, judges named Ledge Lounger Inc., a luxury outdoor furniture manufacturer, the Enterprise Champion.

When asked about the driving force behind REI Network L.P., President Alex Soares commented that the key to the nomination stemmed from the Company's core values with both a focus on innovation and on putting people first.

It ultimately leads to the customer experience. It doesn't matter what you sell. If you hire the right people, focus on customer experience then the growth, profit and all those things will come with it.

Alex Soares, President of REI Network, LP, commented:

"When you're scaling your team, one of the big pitfalls you run up against is how to make sure your culture scales with the size of your company. We do this by consistently putting people first—employees and customers alike."

REI Network, L.P. has very exciting plans and goals in terms of hitting new milestones and growth and are very grateful to everyone who takes a role in their growth, from their clients, to their team, to their leadership.
