

Incite Energy, LLC Sells Assets to Infinity Power Partners, LLC and CSD Energy Advisors, LLC

Houston-Based Companies to Acquire Clients Based on Industry Expertise

HOUSTON, TEXAS, UNITED STATES, September 18, 2018 /EINPresswire.com/ -- Incite Energy, LLC a Houston-based retail energy brokerage and management company, has entered into an agreement to transfer energy client assets to Houston-based companies, Infinity Power Partners, LLC and CSD Energy Advisors, LLC. Both companies have acquired selected clients and will begin managing operations effective immediately.

Contracts previously making up Incite's multifamily and student housing assets were acquired by Infinity Power Partners as part of their ongoing growth and development strategy to offer best-in-class energy management services to apartment owners and third-party management companies. The remainder of Incite's portfolio, including agreements with its contract sales personnel, were acquired by CSD, offering industry-leading expertise in energy management for large commercial and industrial customers and contract sales personnel.

The acquisitions also included corresponding personnel transfers. Founder and President of Incite, Jared Crane, will remain active with new business development for both Infinity Power Partners and CSD. Incite's Director of Business Development, Will McGinnis, has officially joined Infinity Power Partners, with Pricing Manager Katie King and Senior Structuring Analyst Paul Saladino joining CSD in their respective roles.

"I carefully selected Infinity Power Partners and CSD Energy Advisors as acquiring partners due to my familiarity with their principals and business operations. I trust that our clients and employees will be best served by each company's respective area of expertise," said Crane. "I'm looking forward to remaining closely involved with both companies and serving clients together."

"The procurement of Incite's multifamily and student housing clientele builds upon our customer-centric values and principles and our expertise in these industries. As we continue to expand our nationwide footprint, our shared vision of solutions-based energy management will help our clients in reducing costs and managing their energy spends into the future, and with Will McGinnis on our team, we are confident these clients will feel right at home at IPP," said Peter Selber, Infinity Power Partners' Managing Partner.

"We are very excited about the opportunity to continue the successes that Incite Energy and their valued partners have worked hard to create over the past several years. Katie and Paul will be key pieces in the execution of our strategy moving forward, and we look forward to working with them both," said Andrew Barth, Partner at CSD Energy Advisors.

About Incite Energy

Incite Energy was founded in 2012 as an energy management and consulting company operating in three business segments: energy procurement services across all deregulated areas in North America, utility bill audit solutions and energy efficiency solutions. Incite Energy served 15 states for electricity and 44 states for natural gas procurement services.

About Infinity Power Partners

Since 2012, Infinity Power Partners has provided procurement management solutions, risk management services and market insight through the development of client-specific strategies. With over 100 years of combined industry expertise, Infinity offers a unique, technical approach to ensure energy-related requirements are fulfilled and exceed expectations.

About CSD Energy Advisors

CSD Energy Advisors is a national energy management firm, based in Houston, TX, that combines years of industry experience, customer service and technology to implement integrated energy solutions. CSD specializes in the planning and sourcing of commodity procurement strategies, risk management and the development of efficiency and sustainability initiatives for the commercial and industrial sector.
