

Continental Mapping Announces Board of Advisors

SUN PRAIRIE, WI, USA, September 18, 2018 /EINPresswire.com/ -- Continental Mapping Consultants, Inc. is pleased to announce their newly formed Board of Advisors. Creation of the Board is precipitated by Continental Mapping's maximization of growth opportunities throughout the organization. The Board is assembled of an esteemed group of proven, dedicated professionals whose counsel will guide Continental Mapping to help enhance decision making globally.

Continental Mapping President Andy Dougherty adds, "Our successful execution of growth strategy has led us to the next step for continued growth. Adding our new Board of Advisors will enable Continental Mapping's ownership and leadership team to move out smartly and enable increased growth and execution of our plan. I am so pleased our ownership has formed such a strong and knowledgeable Board of Advisors."

Susan Chodakewitz brings to the Board an extensive history as a senior executive, whose strategic leadership has brought success to expanding organizations. Ms. Chodakewitz was recently named as a "Top 20 Global Women of Excellence" by Chicago's 7th Congressional District. She currently serves as President and Chief Executive Officer of Nathan Associates, Inc.

Dr. J. Greg Hanson has over 30 years of leadership experience throughout various Federal and civilian markets, as well as academia. Dr. Hanson has a strong technical background, having served as a Career Officer with the U.S. Air Force, retiring as a Chief Software Engineer. He also served as the Chief Information Officer for the U.S. Senate.

Pamela Little contributes over 30 years of experience in wide-ranging senior leadership roles. Ms. Little most recently served as Executive Vice President and Chief Financial Officer of MTSI. She has demonstrated experience guiding growing companies as a senior executive and has served on numerous boards as director and chair.

About Continental Mapping Consultants, Inc.

Continental Mapping Consultants, Inc. provides comprehensive geospatial services to worldwide markets to enhance decision making. We offer mapping and surveying services to governmental agencies and private entities focused on national security, mobility, environmental quality, and infrastructure. Continental Mapping employs innovative technologies to collect, process, curate and analyze geospatial data to better the world around us. Using imagery from cell phones to satellites, lidar point clouds, artificial intelligence, and commercial software development, we produce the geospatial data decision makers need. Founded in 1999 and headquartered in Sun Prairie, Wisconsin, Continental Mapping is a privately held company with stable and reliant processes that enable consistent growth and deliver quality products.
