Bitstop's 50th Bitcoin ATM in Florida launches in Lincoln Road, South Beach

MIAMI, FLORIDA, UNITED STATES, September 20, 2018 / EINPresswire.com/ -- Bitstop, Florida's first and largest [Bitcoin ATM operator](#), recently installed their 50th Bitcoin ATM in Florida at Munchies Cuban Restaurant ([324 Lincoln Rd, Miami Beach, FL 33139](#) between Collins Ave and Washington Ave).

A Bitcoin ATM lets users purchase Bitcoin for cash, like a vending machine, except Bitcoin is digital and stored on the customer mobile wallet. Bitstop ATMs feature a user friendly interface and an easy to follow, step-by-step process that allows users to buy Bitcoins with cash (USD) conveniently.

Miami-based Bitstop has been growing steadily since installing their first Bitcoin ATM in Wynwood in 2015. Since then, they have grown to approximately 100 Bitcoin ATM's nationwide with half of those installed in their home state of Florida. Bitstop's push to add more Bitcoin ATMs in new areas comes at a time when more people than ever are looking to invest in the popular digital currency.
