

Ezy Outsourcing Hub Launches Ezy Offices Service

Aims to improve accessibility and mobility of Plug and Play Offices with the company's specialty of quickly setting up both Office and Operations.

TAGUIG CITY, NATIONAL CAPITAL REGION, PHILIPPINES, September 20, 2018 /EINPresswire.com/

Ezy Offices is our new service that aims to further the accessibility of Plug and Play enabled offices across the best cities in Manila that are ideal for establishing an office location."

Angela Sunga

-- Bonifacio Global City Taguig – Ezy Outsourcing Hub, an Outsourcing and Offshoring solutions company that provides a streamlined gateway service to businesses in facilitating their entry and operations set up in the Philippines, has launched Ezy Offices, a new service that aims to make it easier for businesses to avail and lease offices such as Serviced Offices, Managed Offices, BPO Offices and Flexible Working Spaces that are geared for the plug and play setup.

"Plug and Play enabled offices are relatively new but are growing in demand due to their nature of being able to avail of an office space quick by stating head count,

number of seats required and the furniture requirements," said Angela Sunga, Ezy Outsourcing Hub's Country Director.

"Ezy Offices is our new service division that aims to further mobilize the accessibility and availability of Plug and Play enabled offices across the best cities in Manila that are ideal for establishing an office location."

The office industry in the Philippines has seen its landscape change based on the introduction of serviced offices that are modular, mobile, scalable and its flexibility to accommodate expansion.

Ezy Offices offers a quick and easy way to select the type, location and pricing model of the office space that are currently available for leasing. Ezy Offices offers the best working locations in Manila: BGC Taguig, Pasig, Makati, Mandaluyong and Quezon City. These locations are known to be a hub for BPOs and Shared Service companies.

"Businesses that are looking to set up an office to house their outsourced team or an office to set up an offshore support centre can easily choose the city and office location that are available in Ezy Offices," said Miguel Dela Rosa, Ezy Outsourcing Hub's Operations Manager.

"Going further compared to other office providers, our company assists clients in supporting their continued operations. We offer HR & Payroll services, Co-Management services and Staff Recruitment services."

When it comes to the office leasing market in Manila, Philippines, serviced and flexible working spaces are priced competitively. The prices and lease rates for premium serviced office spaces are guaranteed cheaper compared to the commercial cities of Beijing, Calcutta, Hong Kong and Singapore. Being priced cheaper is a growth variable that enables the country's Business Process Outsourcing (BPO) and Shared Service industry to welcome new investors.

Ezy Offices aims to streamline the process from office procurement to operations setup with an executive concierge like service to help businesses establish their support centre in the

Philippines.
