

Social Good Foundation partners with TSM Global to launch the biggest ICO in Japan

Social Good Foundation announces partnership with leading ICO services provider, TSM Global to launch the initial coin offering for the SocialGood token

LONDON, ENGLAND, UNITED KINGDOM, September 21, 2018 /EINPresswire.com/ -- [Social Good Foundation](#) is an institution that aims to improve society, transcending national, racial, religious, and cultural differences. As part of the foundation's aim of changing the world and providing a Win-Win-Win situation for all individuals, companies, and for society as a whole while connecting the world, the Social Good Foundation is using the blockchain to achieve its aim with the launch of the initial coin offering for the SocialGood token in partnership with [TSM Global](#), a company known for helping innovative solutions by raising funds throughout the digital currency space.

The digital currency space has evolved over the years, with several institutions across different industries recognizing the benefits of the blockchain technology. The cryptocurrency space has developed to become a source of raising funds for different innovative solutions, one of which is the Social Good project with the collaboration of a company reputed to have raised over \$300 million from the digital currency space.

The primary goal of the Social Good Foundation is to improve the world, spreading an ecosystem wherein "the more you do the things you like, the more you automatically make the world a better place." With the Social Good Ecosystem™, holders of the coin receive a cash back payment every time they make a purchase in the ecosystem.

The Social Good Ecosystem™ is supported by AI and blockchain technology, with a certain percentage of the Cash Back payment automatically being donated via AI to organizations that contribute to society the most.

One of the major benefits of the SocialGood to holders of the tokens includes receiving Cash Back payments every time purchases are made. There is also a potential capital gain that comes with holding the coins, with the value and price of SocialGood predicted to rise significantly particularly with the team behind the project aiming to surpass the total market value of Bitcoin by 2020, a feat that is achievable considering the potentials of the cause.

On the other half of the token sale partnership is TSM Global, who is once again offering its support to an innovative solution. TSM Global's involvement in the ICO will allow the Social Good Foundation leverage the experience and expertise of the company to achieve its goal of launching one of the biggest ICO in the world and the biggest in the history of Japan.

TSM Global has already helped in raising over \$300 million via ICO's and ITO's, creating a tokenized future of equal opportunities with success in different projects. More information about SocialGood and other innovative solutions from the Social Good Foundation can be found on the website and the whitepaper as well as Telegram, Facebook, and Twitter.
