BOULDER, CO, UNITED STATES, September 20, 2018 / EINPresswire.com/ -- [PlatCore](https://bit.ly/platcoresnow) LMS (<https://bit.ly/platcoresnow>) features a modern, user-friendly learner interface, powerful administrator controls, real-time data and the world-class reporting and security of ServiceNow.

PlatCore customers have found an unparalleled ease of use as well as massive cost savings and process efficiencies as compared to homegrown or external/3rd party LMS. For ServiceNow HR customers, PlatCore LMS enables HR to deliver native training and workforce compliance as part of the onboarding workflow. PlatCore serves clients in agriculture, government, banking & finance, food & beverage, healthcare, manufacturing, and technology.

Novelis, a PlatCore customer, has seen exponential cost savings. Within just one week, the world's largest aluminum recycler had a modern LMS that was supporting 1,279 users in 31 locations, 10 countries and 4 continents. According to Stephanie Padilla, Training Process Owner with Novelis R & D, "Now, the data we need is at our fingertips immediately, where it used to take hours or month of combing through emails and paper files. And when audit time comes, it's as easy as point, click and print."
