

Grace Stratton Consulting Group to be Featured on CUTV News Radio

CHESTERFIELD, MISSOURI, UNITED STATES, September 20, 2018 /EINPresswire.com/ -- Everyone's looking for something else, but when it comes to starting a business, most people don't believe in themselves. They are too fearful to take that risk.

"Amazing Grace" Stratton believes in you. She'll be your biggest cheerleader.

Grace Stratton is the founder of Grace Stratton Consulting Group, where she helps people who want to have their own home-based business find their dreams through internet network-marketing.

"You've got to have a dream, a vision," says Grace. "I encourage my clients to identify what it is they want and how I can help them get it. I'm always trying to inspire and encourage my clients with whatever they're doing."

Grace teaches her clients how to set up their own business and produce income while working from home part-time and full-time. This attracts the stay-at-home moms, retirees, and people who are looking for additional income.

"We all need somebody who really cares about us, who takes an interest," says Grace. "I listen to my clients. I ask them, 'How can I help you with meeting your dream and you goal?'"

Grace has enjoyed great success as a home-based business affiliate marketer working with other companies and promoting their products. While many network marketers choose a product and stick with it, Grace recommends diversifying to market multiple products across multiple platforms.

"You need multiple streams of income because if one of them dries up or something happens, then you're stuck," says Grace. "I've seen that happen to too many of people who invested into one company and it went belly-up and they lost all this money and had to start all over. That's why we have multiple streams of income. You ask the right kinds of questions and you target your people for the product that interests them."

Still, says Grace, home-based affiliate marketing does not mean you stay home. You've got to get out there and meet people in person.

"I'm not a very bashful person. I do a lot of networking. I belong to a chamber of commerce here. I go to a lot of events where I meet all these people and I identify with them and I share with them."

CUTV News Radio will feature Grace Stratton in an interview with Jim Masters on September 24th at 12pm EDT.
