

# Elemental LED Hosts Grand Opening of New Headquarters

*Reno Business Community Joins Elemental LED for Grand Opening*

RENO, NEVADA, UNITED STATES, September 20, 2018 / EINPresswire.com/ -- [Elemental LED](#), a leading U.S. based engineering and technology company that manufactures LED lighting solutions announced today it held a Grand Opening Celebration on September 18, 2018 to welcome the local community to the new Company Headquarters in Reno, NV. Elemental LED provides a wide variety of superior quality linear, task, and accent LED lighting solutions for all types of applications under the [Diode LED](#) product brand.

The Grand Opening Celebration was attended by hundreds of local business community members with proclamations and certificates of recognition given by various government officials at the city, state and federal level.

"We were excited to invite the Reno professional community to check out our new collaborative workspace," said Randy Holleschau, CEO of Elemental LED. "Building relationships in a new location starts with inviting neighbors to your home, or in this case, your workspace. Already we are making new friends and we look forward to working more with those new and native to the Reno-Tahoe area."

The new headquarters includes an expanded Training Center, Innovation and Testing Lab as well as triple the amount of space at the brand-new Operations and Manufacturing Center as the previous location in Emeryville, CA.

## About Elemental LED:

Elemental LED, founded in 2008, is a leading North American based engineering and technology company with offices in Nevada, California, China and the United Kingdom. We manufacture an extensive high-quality portfolio of lighting, power supplies, and controls. We specialize in superior patented linear, accent, and task LED lighting featuring unparalleled CRI and R values with flawless, and vibrant high-fidelity color rendering. We are proud to be America's largest
