

Unilytics Hosting Stephen Few Visual BI Workshop in Toronto

Unilytics, a Tableau training & consulting company based in Toronto, will be hosting a Business Intelligence Visualization workshop developed by Stephen Few.

TORONTO, ONTARIO, CANADA, September 24, 2018 /EINPresswire.com/ -- Unilytics, a business intelligence visualization company, will be hosting a [Stephen Few Visual BI Workshop in Toronto](#), to be taught by Nick Desbarat. The workshop will run for three days, from October 31st until November 2nd, and will focus on Visual Business Intelligence. Nick Desbarat is the only educator authorized by Stephen Few to teach this material.

The three-day workshop will revolve around information and strategies from Stephen Few's best selling books. This includes advanced business intelligence visualization methods and reporting. Stephen Few's work is renowned in the data visualization and analytics world, as his methods help business intelligence reporters sift through Big Data and produce clear and concise reports to help management make sense of the data and act on it correctly.

"We're very excited to be hosting this data visualization and dashboard design training program," adds Peder Enhorning, President & CEO of Unilytics, "Stephen Few's content is invaluable for business analysts to know. Nick hosts engaging workshops and really helps to make sure that everyone attending comes out feeling confident in what they've learned."

The program will run from 9:00am to 5:00pm for three days, starting on October 31st. Registration is now available at the Unilytics website: <http://bit.ly/2oWhVKS>. For more information on the seminar you can contact them directly at info@unilytics.com.
