

# Human Investment Advisory Announces Global Alliance Agreement with Acquired Insights, Inc.

*Artificial Intelligence/Machine Learning with behavioral, technology, and adaptive software solutions drive business transformation and workforce optimization.*

ATLANTA, GA, UNITED STATES, September 24, 2018 /EINPresswire.com/ -- Human Investment Advisory, Inc. (HIA), the business transformation company focusing on closing the gaps between CEOs and their Human Investments, announced its formalized strategic partnership with Acquired Insights, Inc. Acquired Insights has created a broad array of behavioral, AI/ML (including humanoid, digital, and virtual robots), dynamic reporting, and workforce optimization solutions (including The RoleFit Survey (RFS) and [Artificial Intelligence](#) Talent Acquisition and Performance Solution (AITAPS)) that will help power the HIA people transformation model. This strategic partnership offers clients new ways of optimizing their workforce, processes, technology, and organizations.

"Acquired Insights' culture and solutions are a perfect fit for HIA. Their capabilities and approach offer HIA clients Best of Breed cutting edge solutions backed by a deep understanding of HR Optimization and Bringing Artificial Intelligence to Life. Their expertise in leveraging Behavioral, Social and Unstructured Data provides us the ability to maximize the impact of digital transformation on business competitiveness. As the world moves to the Digital Age, combining Digital and People Transformation will be the secret to sustainable Business Transformation," said Jim Villwock, President and CEO of Human Investment Advisory, Inc.

"Human Investment Advisory, Inc. is increasingly recognized as a thought leadership advisory solution company providing strategic, tactical, and employee solutions throughout organizations. We are thrilled to be calling Human Investment Advisory as our partner in bringing immediate, measurable, scalable, and sustainable value to the organizations they serve. As the world becomes more digital and productive through the use of artificial intelligence and robotics, the need to simultaneously focus on transforming their human investments becomes crucial. Our combined solutions can help companies transform their entire business. These are very exciting times," said Gary L. Melling, President and CEO of Acquired Insights, Inc.

About Acquired Insights, Inc.

Acquired Insights Inc. (aiinc), [www.aiinc.cloud](http://www.aiinc.cloud), is an artificial intelligence, machine learning, predictive analytics, and workforce optimization company with technology that can be used cross-industry. Acquired Insights' solutions provide intelligent, enterprise-wide, real time critical decision support through a complete closed-loop platform. It is an effective and multi-faceted approach to bridge the gap between disparate systems, processes and people, while aligning individual and workforce action with business strategy. It's a disruptive technology implemented without the traditional disruptive attributes.

About Human Investment Advisory, Inc.

Human Investment Advisory, Inc. provides business game-changing models by focusing on closing the strategic gaps between the CEO/Board and their people. The offerings include facilitating and advising on strategic leadership definitions and strategies, implementing those leadership decisions through HR and the organization, showing employees how to become

motivated, aligned, and engaged for both company and their personal career success, and providing the necessary processes and reporting for People Risk Management and Governance.
