

# Sunwing to Launch Nonstop Flight Service From Toronto to Daytona Beach

*Seasonal service makes it easy for Toronto golfers to escape the harsh Ontario winters and enjoy Daytona Beach*

DAYTONA BEACH, FLA., USA, September 25, 2018 / EINPresswire.com/ -- [Sunwing](http://Sunwing.com), Canada's top leisure travel airline, will launch nonstop flight service from Toronto's Pearson International Airport to Daytona Beach International Airport on January 28. The twice weekly flights will connect Toronto golfers with one of Florida's premier destinations during its peak winter and spring seasons.

Daytona Beach is home to 30 golf courses, including LPGA International, a highly acclaimed 36-hole facility, and a pair of Donald Ross designs. The combination of memorable golf, the promise of a good time off the course, and the World's Most Famous Beach have made Daytona Beach a go-to destination for savvy group leaders.

The Sunwing flights will depart Pearson (YYZ) on Mondays and Thursdays at 6:20 a.m. and arrive at Daytona Beach International Airport (DAB) at 9:15 a.m., leaving ample time for a day of arrival round of golf. The return flights will leave DAB on the same days at 10:25 a.m. and land in Toronto at 1:05 p.m.

"We are looking forward to the launch of Sunwing's nonstop service," said Kate Holcomb, director of communications for the Daytona Beach Area Convention and Visitors Bureau. "Golfers will be able to leave Toronto's frigid winters and be on the ground in Daytona Beach in less than three hours, enjoying sunny skies and great golf courses, and our beautiful beaches."

The seasonal service makes it easy for Toronto golfers to escape from the harsh Ontario winters as Daytona Beach, with average high temperatures of 68 Celsius in January, 70 in February, 74 in March and 80 in April, enjoys idyllic weather.
