

# Dr. Gary Alter Wins Best of Los Angeles Award- "Best Genitourinary Reconstructive Surgeon- 2018"

*"One of my strengths is my ability to make clinical judgments determined by the specific needs and desires of each patient." ~Dr. Gary Alter*

LOS ANGELES, CA, UNITED STATES, September 25, 2018 / EINPresswire.com/ -- [Dr. Gary Alter](#) has won the [Best of Los Angeles Award](#) for "Best Genitourinary Reconstructive Surgeon- 2018", according to Aurora DeRose, award coordinator for the Best of Los Angeles Award community.

"No one operation or approach is for everyone," Dr. Alter contends. "One of my strengths is my ability to make clinical judgments determined by the specific needs and desires of each patient."

Gary Alter, M.D. is one of the rare doctors (only a handful in the United States), who is certified by both the American Board of Plastic Surgery and the American Board of Urology. He specializes in genital reconstruction and facial and body surgery for transgender patients. He has extensive experience in genital surgery including genital reassignment. His plastic surgical background enables him to assess the 'whole' patient and individualize operations.

Services at a Glance:

## 1. FEMALE GENITAL SURGERY

Physicians have neglected aesthetic surgery of the female external genitalia. However, awareness of female genital aesthetics has increased due to media attention, both from magazines and video.

## 2. PENIS / SCROTAL SURGERIES

Dr. Gary Alter

Congenital abnormalities of the penis and scrotum are not uncommon and require reconstructive surgery. Because these deformities can be very challenging, a team approach is often used.

"I frequently operate on these patients with Dr. Richard Ehrlich, a world-renowned pediatric urologist," Dr. Alter continues. "I believe that the combined input and expertise of a pediatric urologist and a plastic surgeon/urologist (myself) provides the best possible care."

### 3. TRANSSEXUAL SURGERY

Dr. Alter and his team, including the office and hospital staff, are committed to serving you during this exciting but anxious stage of your life.

"Our goal is to make your transition as comfortable and easy as possible," says Dr. Alter.

### 4. PENIS ENHANCEMENT

"Penile length and girth surgery are other procedures to improve the appearance of the penis and scrotum, such as suprapubic lipectomy and liposuction, and elimination of penoscrotal junction webbing," Dr. Alter continues.

The "Best of Los Angeles Award" community was formed three years ago and consists of over 4,000 professional members living and working in Southern California. It celebrates the best people, places and things in Los Angeles with a slogan "No Ads. No B.S. Only the Best."

"The mission of the community is to celebrate the best of Los Angeles, and allow its community members to connect with other members who share the highest standards of quality and integrity," expresses DeRose. "We're honored to include Dr. Gary Alter into our BoLAA family."

Carl J. of Los Angeles, praises, "Excellent physician and surgeon - one of the top in his field. For privacy reasons, no detailed disclosure of exact procedures necessary, but he surely has earned his board certifications in both plastic surgery and urology - one of only two docs with these double boards in the entire United States. Practice is well run, calls are returned in a timely manner and the operation room in the surgery center on location is bordering on elegant - never seen one with floor to ceiling windows. Highly recommended!"
