

Indie Artist's Remixed Single Charts Alongside Jason Derulo

Miranda Writes "Too Blessed" Peaks at Number 12/5800 in Digital DJ Pool

NEW YORK, NY, UNITED STATES,
September 26, 2018 /

EINPresswire.com/ -- It goes without saying that independent artists often receive the short end of the stick. With more mainstream artists dominating the airwaves and overall music scene, performers who are still climbing the ranks to stardom are often left behind. Or, at least, left in the shadows of famous artists.

For Miranda Writes being independent has created a unique niche as an artist and only strengthened her diverse platform.

A performer who refuses to be boxed in, Miranda is a powerhouse with major crossover appeal. Her unique sound has not only been appealing to her vastly growing audience, but a major success in the DJ circuit.

NYC-based artist Miranda Writes

As of September 20, 2018, Miranda Writes' remixed single "Too Blessed" has risen to number 12 in the pop singles of Digital DJ Pool, a popular platform for DJs to discover new music. The song at one point charted alongside popular artists Jason Derulo, Nicki Minaj, Snoop Dog, Ciara and Miranda Lambert.

“

With no significant financial backing, it can be so hard to get attention. This accomplishment proves it is possible!”

“The music industry is full of competition, especially as a biracial female indie artist. With no significant financial backing, it can be so hard to get attention. This accomplishment proves it is possible! Presently, I feel ‘Too Blessed to be Stressed’ and am soaking up the positive vibes,” commented Miranda Writes.

Digital DJ Pool is not the only platform where Miranda is gaining headway. Since releasing her latest single “Time to

Time,” her music video has received over 130,000 views on YouTube in just over thirty days.

Miranda is set to perform at the popular Warwick Apple Fest, taking place October 14, where over 30,000 people gather annually to enjoy fall festivities and local entertainment.
