size, market status, market trends and forecast, the report also provides brief information of the competitors and the specific growth opportunities with key market drivers. Find the complete Ibeacon market analysis segmented by companies, region, type and applications in the report.

The term iBeacon and Beacon are often used interchangeably. iBeacon is the name for Apple's technology standard, which allows Mobile Apps (running on both iOS and Android devices) to listen for signals from beacons in the physical world and react accordingly. In essence, iBeacon technology allows Mobile Apps to understand their position on a micro-local scale, and deliver hyper-contextual content to users based on location. The underlying communication technology is Bluetooth Low Energy.

Scope of the Report:

This report studies the Ibeacon market status and outlook of Global and major regions, from angles of players, countries, product types and end industries; this report analyzes the top players in global market, and splits the Ibeacon market by product type and applications/end industries.

- Commercial/Enterprise applications have an enormous untapped potential. We've seen a lot of consumer-facing spins on iBeacon deployment, with smaller attention paid to less glamorous applications like inventory management, logistics, and manufacturing.

- It makes sense that retail might be seen as having a smaller piece of the "iBeacon pie", especially when that pie is measured in units. Retail locations are relatively small in square footage, and don't need a tremendous amount of units for ample coverage.

- The global Ibeacon market is valued at xx million USD in 2017 and is expected to reach xx million USD by the end of 2023, growing at a CAGR of xx% between 2017 and 2023.

- The Asia-Pacific will occupy for more market share in following years, especially in China, also fast growing India and Southeast Asia regions.

- North America, especially The United States, will still play an important role which cannot be ignored. Any changes from United States might affect the development trend of Ibeacon.

- Europe also play important roles in global market, with market size of xx million USD in 2017 and will be xx million USD in 2023, with a CAGR of xx%.
