

Fran Briggs Releases the Best of Autumn Reading 2018, Volume I

Selections depict calming, jarring, terrifying, humorous, and inspiring story lines

NEW YORK, NY, UNITED STATES, September 28, 2018 /EINPresswire.com/ -- With the emergence of autumn comes fall reading. American Journalist, [Fran Briggs](#) recently released The Best of Autumn Reading 2018, Volume I. The annual list is organized by title, publisher, author, a short synopsis of the book, and a link for additional information and purchase.

The annual promotion helps enthusiastic readers make quality decisions as it pertains to their reading selections. While there is no standard formula for identifying the absolute best books, Fran Briggs says she has identified titles that entertain and distinguish themselves from the masses. The journalist is committed to advancing literary selections each season.

"The authors have mastered the art of making the literary abstract, tangible. Genres include sci-fi, romance, spiritual, humor, children's, fiction, and inspirational," explained Briggs. "Readers can expect to enjoy each of the ten, recommended titles. The numerical order of the list does not coincide with the ranking."
