

Select Materials a Bulk Landscaping Firm, Announces the Beginning of its Fall Leaf Disposal Program

Select Materials Offers Denver Landfill Alternatives For Leaf & Brush Waste Disposal

DENVER, CO, UNITED STATES, October 3, 2018 /EINPresswire.com/ -- Select Materials LLC, a bulk landscaping materials firm, announces the beginning of its fall leaf disposal program. Select Materials will begin accepting dumps of brush, [leaves](#), cut logs, and yard waste drop off from local area residences and contractors. This program is to help assist local property owners by providing a green [waste management](#) outlet for their yard wastes.

Any materials delivered will be processed by grinding them up and composting them over multiple months until a sustainable organic compost product has been made. This [landfill](#) alternative service will be provided to individuals and contractors in the Denver and front range area. All waste must be free of trash and plastics. Deliveries accepted Monday through Friday each week from seven am up till four pm.

Select Materials a Colorado company, is a producer of topsoil, sand, compost, mulch, stone, and other various landscaping materials. Select Materials offers landscaping products to contractors at discounted rates. The firm specializes in the bulk wholesale delivery of these products by the truck load. Select Materials greatest attribute is its ability to produce custom products and topsoil blends that meet customers exact specifications.
