

# Imbue Botanicals, LLC Introduces Its Black Label im·bued Product line

*Imbue Botanicals, LLC has expanded its current CBD product line with the introduction of its im·bued black label product line.*

PALM SPRINGS, CA, UNITED STATES, October 4, 2018 /EINPresswire.com/ -- Palm Springs, CA, October 1 2018 - (Press Release Point) – Imbue Botanicals, LLC, a Wyoming based company, is pleased to introduce its im·bued line of black label products. The product addition is a further expansion of its extensive hemp-derived CBD product line with significantly more powerful salve and tincture than currently offered.

Imbue Botanicals offers an extensive line of premium CBD products produced from organically grown Colorado hemp, including CBD tinctures and CBD capsules and CBD topicals for both people and pets.

“We are so excited to introduce our im·bued black label product line” said Tom Bauer, Managing Member of Imbue Botanicals. “This is something so many of our wholesale partners and customers have asked for, but we weren’t going to do it unless we could do it right. We wanted to make a big impact with stronger products that echoed our proprietary formulations, only twice as strong. And that’s exactly what we’ve done with im·bued.”

Imbue’s regular salve is exceptionally popular, but they’re convinced their “black label” im·bued salve is going to be legendary. Fully twice the amount of CBD per ounce, these salves tackle the toughest problems when nothing else will. Designed to be the strongest Full Spectrum salves on the market, nothing compares. “When you need the ultimate salve, you need im·bued,” says Bauer. Available in 1.7 and 3.4 ounce sizes, they’re packaged in a gorgeous, all glass ultra-violet protective black jar with lid and recyclable box.

And when only the highest concentration of CBD will do, Imbue’s “black label” im·bued tincture delivers an exceptional 500 mg of Full Spectrum CBD per fluid ounce. “For those instances when the issues you’re addressing seem overwhelming, im·bued is it,” says Bauer. Fast acting and highly absorbable, this easy-to-use, pleasant tasting 30 ml liquid is thoughtfully packaged in a matte-finish volcanic black bottle with calibrated dropper for accuracy and convenience, within a black velour drawstring pouch and recyclable outer box..
