

IT Management Corporation Recognized as a Cisco Premier Certified Partner Again!

SANTA CLARA, CA, UNITED STATES, October 5, 2018 /EINPresswire.com/ -- Santa Clara, CA -- 10/05/2018 -- [IT Management](#) Corporation announced today it has renewed and maintained its Premier Certification from [Cisco®](#) for the 4th year in the row. IT Management Corp has continued to achieve and satisfy all requirements for maintaining its high-level certification as a Cisco Premier Certified Partner, including personnel, support, and specialization. IT Management has clearly demonstrated its professional record of success as qualified to sell, install and support Cisco solutions in the USA. The Cisco Premier Partner status is the 2nd highest certification level available to partners.

"Being awarded Cisco Premier Partner status and achieving Advanced Collaboration Architecture

Specialization, Advanced Service Provider Architecture Specialization, Express Networking Specialization, Data Center Express Specialization, and many other Express Specializations are tremendous achievements for us and clearly emphasizes the importance of our team's

“

It's an incredible honor to be recognized by Cisco for the fourth time as the premier partner and be among some of the most pioneering IT System integrators in the nation.”

Arman Eghbali

commitment to successfully deploying, implementing, and optimizing Cisco solutions. We understand campus networking and communication, and with these valuable and wide-ranging sets of credentials, shows our high level of skills and a strong commitment to the technologies we deploy," said Arman Eghbali, IT Management Corporation's President.

As a Cisco Premier Certified Partner, IT Management demonstrates a broad range of technical expertise. To achieve certification, the solutions provider is also required to achieve the Hybrid IT Services requirement. This

includes technical competency in sales and support of cloud solutions, including Meraki Cloud systems. In addition, IT Management was required to integrate a base level of Cisco Lifecycle Services into their offerings, and demonstrate measurably high levels of customer satisfaction based on independently audited customer satisfaction surveys.

The Cisco Resale Channel Program provides partners with the training required to build sales, technical and Cisco Lifecycle Services skills. Cisco resale partner certifications—Gold, Premier, and Select— represent an increasing breadth of skills across key technologies and a partner's

ability to deliver integrated networking solutions. Cisco resale partner specializations—Master, Advanced and Express—reflect an increasing depth of sales, technical, and service expertise in particular technologies.

About IT Management Corporation
Since 2009, IT Management has served the technology needs of private businesses and the public sector, recommending, customizing and implementing IT configurations for their clients. As a premier partner of key technology vendors in the industry, IT Management enables these organizations to focus on business growth while utilizing new technologies to enhance productivity.
