She initially paved the way for the record by introducing fan favorite singles such as "Hurt By You," "Poking Holes," and "Paranoid." Thus far, her solo output has exceeded a total of 13 million streams and counting.

Of the album, Billboard claimed, "After cranking out hits for The Chainsmokers, Dua Lipa, Charli XCX, and others, Emily Warren is finally ready to take center stage." Lead single "The Point" represents the irresistible idiosyncrasies of Quiet Your Mind. Underscored by unpredictable production, percussive guitar, quirky synths, and a simmering beat, the track hinges on her vivid and vibrant lyricism and stunning delivery.
