The North Carolina Mesothelioma Victims Center says, "We are urging a former plumber or skilled trades worker in North Carolina who has been recently diagnosed with mesothelioma, or their family members, to call us anytime at 800-714-0303. We want to help get them pointed in the right direction when it comes to hiring a lawyer or law firm to assist with a financial compensation claim for this rare cancer caused by

asbestos exposure. Get the lawyer or law firm part wrong, and the mistake could cost the diagnosed person or their family hundreds of thousands of dollars or more in lost compensation. We also do not want people with mesothelioma or their family to get overcharged by a law firm.

“

"Please don't shortchange yourself when it comes to mesothelioma financial compensation settlement because you hired an unqualified or inexperienced lawyer or law firm." "

"Further complicating matters, hiring an attorney to assist with a mesothelioma compensation claim is a one-shot deal and there are typically no do overs. In other words, once you hire the lawyer/law firm, you are stuck with them. It is for this reason we are urging a recently diagnosed person in North Carolina who was exposed to asbestos as

an electrician, plumber, welder, insulator, or pipefitter to call us literally anytime at 800-714-0303

to ensure they know exactly what specific attorneys they should be talking to. Please don't shortchange yourself when it comes to mesothelioma financial compensation settlement because you hired an unqualified or inexperienced lawyer or law firm."
