ARLINGTON, VA, UNITED STATES, October 10, 2018 /EINPresswire.com/ -- [STS International](#), Inc., a leading end-

to-end integrated solutions and services provider in Command, Control, Communications, Computers, Cyber-Defense, Combat Systems, Intelligence, Surveillance, and Reconnaissance and a Veteran-Owned business, has been awarded a strategic subcontract with Engility to support Joint Program Executive Office for Chemical and Biological Defense (JPEO-CBRND). This effort

“

STS has a strong background and cavern of expertise in the medical and logistics domains. We are looking forward to starting work and achieving mission success for our client,”

*Dave Morgan, Vice President
STS International*

establishes the requirement to provide Logistics and Medical professional support, as required, to assist the JPEO-CBRND as the Total Life Cycle Systems Manager for the Chemical and Biological Defense Programs (CBDPs) within the Department of Defense (DoD). The Joint Enterprise -Omnibus Program, Engineering, and Technical Support Contact -Logistics and Medical (JE-OPETS-LM) is a multiple award, Indefinite Delivery-Indefinite Quantity (MA IDIQ) with a ceiling price of \$249 Million.

“STS has a strong background and cavern of expertise in the medical and logistics domains. We are looking forward to starting work and achieving mission success for our

client,” says Dave Morgan, Vice President of STS.

About STS International

Founded in 1992, STS International is a U.S. Veteran Owned business with over twenty-five years of experience providing integrated secure solutions and services to the federal government in the areas of Engineering, Enterprise Asset and Logistics Management, Training and Simulation, and Professional Support Services. We have focused our efforts in the domains of C6ISR, IT, AI/ML, Robotics and Unmanned Systems, Medical, and other Emerging Markets.

Our goal at STS is to achieve mission-success for our clients in Defense, Homeland, and National Security by dedicating ourselves to the principles of innovation, agility, and excellence. What makes STS unique is our ability to swiftly meet our client’s needs while sustaining an organization with global operations and a mature infrastructure to support enterprise, end-to-end solutions. Our solutions maximize best value, mitigate risks, and optimize operational efficiency.

About Engility

Engility delivers innovative solutions to critical challenges facing the nation and the world. As a premier provider of integrated services for the U.S. government, we support the Department of

Defense, intelligence community, space communities, federal civilian agencies and international customers. Engility is dedicated to making lives better, safer and more secure. Our world-class solutions and services balance performance, efficiency and best value. From global security to information security, from international development to research and development, Engility is making a difference in areas that make a difference. We draw upon our intimate understanding of our customers' needs, deep domain expertise, and our skilled team of professionals to develop and deliver on-target solutions for critical missions. At Engility, we are fully committed to integrity, ethical performance, collaboration and, most of all, to our customers' success.
